Ramona

As we discussed, here are links to the two historic water quality databases maintained by USGS. We've found them to be very useful in characterizing historic regional "background" groundwater quality in discrete areas across the country.

<http://tin.er.usgs.gov/nure/water/>

<http://waterdata.usgs.gov/nwis/qw>

Sorry you couldn't stay longer.

Safe flight home!

Thank you,

John Satterfield
